Lime (granular) (52% CaO)					

1. Products available in palletised 50 Kg and 500 Kg bag sizes and in Bulk.
2. Nutrient symbols:- Nitrogen (N); Phosphorus (P); Potassium (K); Sulphur (S); Boron (B); Sodium (Na); Magnesium (Mg); Copper (Cu); Manganese (Mn); Zinc (Zn).
3. All Target Plus products are granular.
4. Additional blends produced to meet specific needs. Sulphur can be included if required.
5. A Soil analysis is necessary for specific recommendations. Fertiliser application must be within the limits and guidelines as set out in the Nitrate Directive. Get specific advice from your Agricultural Adviser or Teagasc Adviser.
